EDMONTON, ALBERTA, TUESDAY, JUNE 26, 1906.

NUMBER 148.

JOHN COPP BADLY HURT

Contractor Thrown From His Rig on
First Street Last Night. Head
Badly Cut

John Copp, contractor, was badly hurt by a runaway accident on First street last night. While driving toward his home at 8 o'clock in the evening his horse took fright and at the corner of First and Athabasca, where there is a large pile of earth from the excavation for the King Edward hotel, the rig was overturned and Mr. Copp thrown out, alighting on his head. He suffered several bad cuts about the face and hands and a sprained thumb. He was quickly taken to Dr. Smith's place, where his injuries were dressed and later taken to his home on Namayo. To-day he is a very sick man, suffering severely from the shock. It is too early yet to say whether or not he suffered any internal injuries.

PENSION ACT DOOMED.
Ottawa, Ont., June 25.—Finance Minister Fielding has given notice of a bill to repeal the act of last session giving pensions to ministers of the crown.

The total number of emigrants who arrived in Canada for the eleven months ending May last were 153,093. Of these 102,251 came by ocean ports and 50,842 from the United States. During the same period last year 50,706 came by ocean ports and 37,176 from the United States. The increase for the eleven months from all quarters was 26,151, or a little over 20 per cent.

The special committee on patent medicines will report to parliament tomorrow. The committee will recommend that legislation should be passed regulating the sale and manufacture of patent medicines. The minister of inland revenue says that he will introduce a bill dealing with the subject next session.

COUNCIL BY ACCLAMATION

Saskatoon Will Vote on By-law to
Raise \$250,000 For Extension
of Waterworks and
Sewer

Saskatoon, Sask., June 22.—The entire first council of the city of Saskatoon were yesterday elected by acclamation as follows: Mayor, James Clinksill; aldermen, Ward 1, R. R. Irvine, J. H. Thompson; No. 2, John Ashworth, Wm. Hopkins; No. 3, W. H. Coy, P. A. Blain; No. 4, W. J. Bell, Thos. Copland.

On Thursday, July 26, the residents of Saskatoon will be asked to vote a sum not exceeding \$250,000 to be devoted to the establishment in the city of a system of waterworks, sewerage, and a lighting and power plant. The first steps towards raising this sum were taken last night when the council gave the by-law its first reading. In committee of the whole the second reading was well advanced, but an adjournment was made until 4 o'clock this afternoon when it will be concluded. Not until the by-law has been sanctioned by the ratepayers can the third and final reading be given. The by-law provides that on the debentures to be issued the rate of interest do not exceed 5 per cent., payment of the principal to be made by the city in thirty equal instalments. The amount of assessable property in the city is given as \$2,517,145.

The matter of roadways being opened up in the school lands recently auctioned was introduced by the mayor and created some discussion. A motion introduced by Councillor Bell and seconded by Councillor Clark disposed of the question by providing that all parties opening up streets and avenues in the city limits must have their plans approved by the council before the property being opened can be placed on the market. The motion carried unanimously.

INVESTIGATION DRAGS ON

Mass of Professional Evidence Pro
and Con Being Put in by Both
Sides

The medical evidence of Dr. Forin was continued at this morning's sittings on the investigation, Mr. Beck examining. The doctor said that relapses in scarlet fever cases were not common. Complications in scarlet fever sometimes included throat and ear trouble.

Cross-examined by Mr. Biggar, Dr. Forin said that catching cold by a scarlet fever patient had more serious consequences than in other diseases. The kidneys were very liable to be affected by catching cold.

Nurse Bull was next placed in the box. She said she went to the isolation tent a week after Asher died. Everything has been very satisfactory since she has been there.

Dr. Ternan was called by Mr. Biggar in rebuttal, and gave medical evidence.

Several witnesses gave evidence in the hospital investigation yesterday. The first witness called was McLeay, the nurse, who admitted to Mr. Biggar that he had only three months' experience as a nurse in 1902. He was by trade a carpenter. He did not know anything of keeping charts except at Main showed him. When Merkeley came on he changed the method of keeping the charts to that of ordinary hospitals. Grimble said the boy had better not catch cold. McGibbon told him on the 15th to be careful of the fire. The fire was low for only three-quarters of an hour on the 15th. On the 15th the boy took a bad turn at 11 p.m., another at 5 p.m., and still another at 6.30. On the 17th, Sullivan drew his attention to the twitching of the muscles. No one instructed him on the manner of preparing fontanels. He watched others. The only thing Merkeley told him was the strength of the bi-chloride. He admitted there was a secret of water, only two barrels being supplied a week to the shack and the tent, which was used for all purposes. It was elicited in the examination that the witness was not overly careful in taking precautions and disinfecting himself. The only facilities he had for bathing was a basin and he used only a gallon of water as the water was short. He said that rain was dripping in upon the boy's head and he protested it by a newspaper. He first noticed this on the 15th, denying he said before he noticed it on the 16th.

The rest of the afternoon was given to taking expert evidence. Dr. Park was examined by Mr. Beck to whom he said that Merkeley complained that Dr. McGibbon had not been down to see the patient, and when he telephoned him McGibbon was very curt. He did not think there was any danger in treating a case of scarlet fever in a tent, as he had similar cases this season with successful result. From the description submitted of the boy Asher's condition, he would say he was suffering from "septic poisoning" or blood poisoning that was constitutional when the temperature of the body was taken into consideration.

FIGHT AGAINST SUNDAY CARS

Winnipeg Polls Heavy Vote on By-
law Today With Result Very
Much in Doubt

Winnipeg, June 26.—A bitter fight is being waged at the polls today on the question of Sunday street cars for the city. The Ministerial Association and the various labor unions have been working strenuously for the defeat of the by-law for weeks past on account of certain clauses the by-law contains, notable amongst which is the one pertaining to the number of hours an employee of the company "may" work. On the other hand, the by-law is supported by a large number of people, the Roman Catholics favoring it to a man. Many of the ministers of other denominations also approve of Sunday cars on the grounds that owing to the scattered nature of the city many people are now unable to attend church, which they would be able to do were cars running on Sundays. A heavy vote is being polled and at the present time it is hard to say what the result will be, but a majority seem to be confident of its success.

Exciting Adventure on C.P.R.

Mr. J. J. McHugh, one of the pioneers of Calgary, who arrived in the city this morning over the C. N. R., in company with his wife and family, is staying at the Alberta hotel. He relates a thrilling story of the capture of a desperado who boarded the C. P. R. Imperial Limited last Saturday, June 23, near Montclair, a station east of Schreiber, on the Main line.

The desperado had no money or ticket, whereupon the conductor tried to put him off the train, but he attacked the conductor and laid both conductor and brakeman up. Then he jumped off the train and seizing an armful of boulders opened up a fusillade on the slowly moving train. The first rock crashed through a window and struck a small boy on the head, making a nasty gash, which opened it up. Five rocks were hurled through the window in rapid succession. Mr. McHugh, in company with his two daughters and a couple of other ladies were playing whist when one of the largest boulders just grazed Miss Kathleen McHugh's head. This raised Mr. McHugh's blood and as he is a western man, without fear of danger, rushed out and single-handed caught the escaping desperado, brought him back to the car and had him brought to Schreiber, where a constable took him in charge and brought him to Port Arthur.

The injured child had his wounds dressed by Dr. Pringle, who was on the train.

WANTS PENNY POST.

Liverpool, June 25.—The steamer Maestic, which sails on June 27 for New York, will take among her passengers Sir Jos. George Ward postmaster general of New Zealand, to enlist Canadian support of the proposition to establish universal two cents postage rates.

ONTARIO AFTER BUCKET SHOPS

Rumors of a General Crusade all
Over Canada. Prosecutions
Commence in Toronto
To-day

Toronto, June 25.—Prosecutions began today in the cases of alleged bucket shop operators arrested on Friday. A sensational feature of the proceeding was a statement that there were bucket shops being operated in Montreal, Hamilton, London, Ottawa, Winnipeg, Calgary and Vancouver and that plans were maturing for a general crusade in all these cities. The reference in a July number of a big American magazine to a number of Yankee bucket shop companies having branches in Canadian cities has added to the interest in the Toronto trials.

Toronto, June 25.—In authorizing the prosecution of bucket shops J. J. Foy, attorney general, said: "Complaints have frequently been made to our department that young men and others were wasting their time and money, sometimes not their own money, and therefore, presumably, their employers money, in this pernicious practice. Complaints have come from Toronto and Hamilton and we thought it advisable to look into it. My inquiries confirm the action of the authorities. We had to keep quiet for a few days and we don't take any action when it is not needed."

MORE STRIKE FATALITIES.

Connellsville, Pa., June 25.—The mutilated bodies of two men with their heads crushed as if with axes were found Saturday night on the hillside near the Nellie coal mines at Vanderbilt. It is believed the men were murdered. One body has been identified as that of Thomas Bostey, a miner. The other man is believed to be I. F. Clark, a telegraph operator in this city.

MAYOR DUNNE ON WARPATH.

Chicago, June 25.—The Record-Herald today says: "An indictment of the presidents and leading officials on the various Chicago traction companies will be sought by Mayor Dunne if immediate and satisfactory explanations are not given him concerning recent fatalities laid at the door of the street railway corporations of the city."

The report of Dr. Doty, superintendent of the street car service, who has notified the city executive that within 50 days 21 persons have been killed by cars in Chicago, is the basis of the trouble. Mayor Dunne will ask the companies to explain the charge made by Mr. Doty. If their replies and explanations are not satisfactory he will at once submit the cases to State Attorney Healy and ask that the grand jury return true bills against the presidents and other officials of all the important surface lines in Chicago.

CITY SELLS REAL ESTATE

Advertising Bureau of Lots on Jasper
Extension and East End Which
Will be put up at Auction

In another column will be found the advertisement of the city detailing the lots which will be offered for sale by the city.

Except for lot 24, Block 16, River lot 10, the east half of 3 and 4, Block 16, River lot 14, and lots 37 and 38 of block 1 in River lot 14, the lots are all fractional lots on the Jasper avenue extension. Several of them have houses, sheds and sheds which go with the lots. A reserve bid, which is not advertised, will be placed on each separate piece of property, and if the piece does not reach the upset price it will be withdrawn. The property will be sold at auction for cash on Friday evening at 8 p.m. in the city hall.

Besides these lots the city is offering for sale the house now occupying the site on McDougall street, which the city proposes using as a telephone building. It will be sold for cash by tender, the tenders closing Saturday at noon.

FATAL ACCIDENT AT THE LOOP.

Winnipeg, Man., June 25.—Two men were killed on Friday, June 22, at the Loop, three miles west of Glacier, through falling off one of the spans of the new bridge in process of construction by contractors at that point. One of the men killed was a Scotchman named Jas. Campbell, the second a Belgian, name unknown. Two other men, Hugh McGillivray and L. Giles, were injured.

RIFLEMAN INJURED

Leonard Maxfield's Horse Bucks and
Falls on Him While on Parade
This Morning

Leonard Maxwell, one of the Canadian Mounted Riflemen, met with an accident at noon to-day while on parade which might easily have proved fatal.

When the C.M.R. troops were rounding the corner of College avenue and First street Private Maxfield's horse reared up and came over backward, falling on him and the horn of his saddle pinning him in the thigh. He was placed in a cab and taken quickly to the army ambulance down on the camp grounds, where the company surgeon is looking after him. If his injuries prove serious he will be removed to the hospital.

SOCIAL AND PERSONAL

Mr. J. K. Cornwell returned yesterday from Europe, where he had been spending the last month.

Mrs. A. Williamson-Taylor will receive Thursday afternoon from four to six. Room No. 9, Norwood block.

Mrs. A. M. Stewart will receive tomorrow (Wednesday) both afternoon and evening, and not again until after autumn.

The first grand party this season was given yesterday by Mrs. Norquay at her lovely home on Seventh street in honor of Mrs. Webster, who will leave shortly for Europe. The pretty summer dresses, the delightful music furnished by Clarke's orchestra, together with the splendid weather, all went to make the gathering a charming function. A few of those present were Mr. and Mrs. Hishop, Mr. and Mrs. Charlesworth, Mr. and Mrs. Jackson, Mrs. Webster, Misses Webster, Scott, Wishart, Somerville, Harvey, Curry, Ross, Messrs. Vrooman, Farmer, Ferrie, Harrison, McLeod, Anderson, Toehard, Burley, Scott, Lundry, Campbell, Scarth, Workley, McPhee.

Call and inspect our large list.

Calgary Council Figuring on Municipal Telephone

City Council Instructs Committee to Gather Facts and Figures on Case of Establishing System

Calgary, June 25, 1906.—(Special to the Bulletin)—At the city council meeting here last night a motion was passed instructing a committee to get all the facts, figures and data necessary, preliminary to establishing a municipal telephone system for this city. Calgary is served by the Bell company, but the municipal ownership feeling is growing here, largely on account of the fact that the municipal light plant is now going on to a paying basis. The ratepayers will probably be given an opportunity to vote on the question before the close of the year.

A bylaw for closing all stores at 6 p.m., week nights, and 11 p.m. Saturdays, the year round, and declaring Wednesday afternoon a half holiday during July and August passed the city council tonight.

SOME QUEER FARMS.

There are ostrich farms and establishments for the raising of millions of pigeons; there are great poultry plantations, where many acres of grain are reaped every year for this purpose alone; but a man down in Maine owns a rocky hillside which is adapted to none of these things. In other hands his barren lands would soon have been listed under the head of "deserted farms," but a stubborn Yankee grit and ingenuity came to the rescue. Foxes were flourishing in a wild state not far from him—surely the climate was adapted to them; why not raise foxes? He dug a deep trench around an acre and a half, putting wire netting into the ground to a depth of three feet, so it would be impossible for his prisoners to dig out the same fence extended seven feet above the ground, and his barrier was done. He built houses not unlike dog kennels, and put wire partitions between various yards. He spent a little money in "blooded stock," buying a few silver-grey foxes and a supply of the Alaska blues. A few of the native reds were also placed in pens of their own. It sometimes happens that a big fox has to be placed in solitary confinement—quarters of his own, where he can only see and growl at the others, on account of his fighting tendencies. As soon as his fur is in good condition, however, the quarrelsome individual is sacrificed on the altar of peace. Their food bill is insignificant, as bones and scraps find a welcome in every lot. At meal time they snarl and growl; but they are all more or less tame, and gladly come at the sound of the whistle which announces that dinner is ready. This institution has paid a goodly profit since the second year, as foxes breed rapidly, and the skin of an Alaskan blue is worth from thirty-five to fifty dollars, according to its condition, and usually finds a ready sale. But the fur of the silver-grey is far more valuable, as it is popular with natives, and good skins are difficult to obtain. The price seldom falls below one hundred dollars, and a thousand has been paid.

By order, GEO. J. KINNAIRD, Secretary-Treasurer, City of Edmonton.

worm culture for birds is apparently a new industry. A young girl who owned a mocking bird was sorely troubled to find enough of the suitable diet to keep it in health, the man from whom she purchased her "meat supply" being frequently out of the commodity. "Why don't you raise your own worms?" he asked her. "I should be very glad to do so," she answered. So she set her up in business, with some long shallow boxes, and a few simple directions. The boxes were partially filled with bran and kept moist by being covered with a damp cloth. The thrifty young woman not only supplied her own bird, but was soon furnishing this article of diet to the park authorities at a goodly price by the thousand. She now makes ten or twelve dollars a week by attending to her little farm in the cellar, which requires only about an hour each day of her attention, and the work is light. The little care is required in keeping the bran and water supply clean, so as to prevent mildew.

THE GRAND PASSION IN AMITY.

New York, June 25.—Amity, some miles from Morristown, N.J., was the scene of a double tragedy yesterday. A rejected suitor set fire to the home of the young woman with whom he was infatuated and then shot and killed her. He afterwards killed himself.

ROCKED BOAT—DEAD NOW.

Clinton, Mass., June 25.—Calmar Manillo, fruit dealer, was now lying today with a 12-year-old girl and began rocking the boat to frighten the child. He finally overturned the boat and was drowned. The girl was saved.

CITY OF EDMONTON.

CORRESPONDENCE INVITED

Edmonton Branch : : H. A. GRAY, Agent

LOCAL

In order to reach the News or Editorial rooms of the Bulletin, ring up Phone No. 450.

1.—The Ancient Order of Foresters met this evening on Houston's Hall for their half yearly meeting. Visiting brethren are invited.

—A meeting of the executive of the Edmonton Liberal Association will be held in the Young Liberal Club rooms on Wednesday, June 27th, at 8.30 p.m.

—A small fire started in the rear of the Prince Arthur Cafe, McDougall street, on Saturday afternoon, but the quick response of the fire brigade prevented the blaze from reaching dangerous proportions. The chemical quenched it in short order.

—The last meeting of the season of the Ladies' Musical Society was held Saturday afternoon at the home of Mrs. Sproule, Sixth street west. The meetings will be resumed in September at the home of Mrs. Bennett, Seventh street west.

—Henry Birks & Sons, Limited, of Winnipeg, have donated a medal to the exhibition association which will be given for the best exhibit of woodwork of local manufacture. This medal is open for competition to wood turners, carvers, and all manufacturers of wood work.

—A. I. Walker, of Vegreville, and Duncan McAllister, of Beaver Lake, have opened a lumber yard at Mundare, the new town on the C. N. R.

—A meeting of the executive of the Edmonton Liberal Association will be held in the Young Liberal Club rooms on Wednesday, June 27th, at 8.30 p.m.

—A recital of the music and elocution students of Alberta College will be held this evening in the assembly hall of the college, to which the public are invited. The final recital will be held on Thursday evening in McDougall church, when prizes and scholarships will be distributed. Dr. Torrington, of Toronto Conservatory of Music, will preside at the musical examinations which will take place Friday. Dr. Torrington will give a recital under the auspices of McDougall Epworth League on Friday evening.

SOCIAL & PERSONAL

Miss Ahlert Chatwin agent Saturday and Sunday at the Fort visiting with friends.

Miss Strickland is visiting her brother, Mayor Strickland, Fort Saskatchewan.

Mr. Albert Dubuc, who has been visiting in Winnipeg for the past few months, returned via the C. N. R. this morning.

FOSTER'S WEATHER FORECAST

Washington, D.C., June 25.—Last bulletin gave forecast of disturbance to cross continent June 21 to 25, warm wave 19 to 24, cool wave 23 to 27. Next disturbance will reach Pacific coast about June 26, cross west of Rockies country by close of June 27, great central valleys 28, eastern states 30. Cool wave will cross west of Rockies about June 29, great central valleys July 1, eastern states July 3. This disturbance will bring relief from a period of unusually cool weather and the rains will diminish in places where they have been excessive resulting in a drought. Last days of June a great high temperature wave will be over the middle west and will cover the entire eastern states a few days later.

Storm intensities will increase June 25 to 30, and severe storms may be expected; rainfall will concentrate into a few places where the cloudburst variety will prevail. Look out for dangerous storms.

About and immediately following June 23, a disturbance will move from the middle Northwest into Texas, reaching Cincinnati and Washington a few days later following it will come a cool wave, the last part of which will suddenly change to a great high temperature described above.

The next bulletin, dated June 30, will give a general forecast of July weather, of which the crop weather will be of the highest importance. Better see that bulletin before you sell corn. I will try to locate the July drought.

MUTINY IN MOSCOW.

Moscow, June 24.—There has been a fierce fight between mutinous troops and loyalists outside town in which the authorities were compelled to use artillery. It is impossible to confirm the report as all persons are forbidden to approach the fortress and the authorities absolutely decline to discuss the matter. The report originates from the fact that rifle volleys were heard which increased in violence as the day wore on. It has been reported for several days that the garrison of the city was on the point of mutiny.

MATCHED RACE YESTERDAY

Horsemen and racing enthusiasts have got the racing fever already. When Gorman Davies brought his favorite galloper Zaza up from Calgary last week, and took her out on the track, he met Emara, from Spokane with his Young Pepper. After a few times around they caught the fever, and were unable to wait for the grand meet next week. Each thought his horse the better, and decided upon a match race to settle their difference of opinion. It was pulled off on the track this afternoon between 2 and 3 o'clock, with a fair attendance of enthusiasts.

The owners selected a judge apiece and Jos. Morris, president of the exhibition association, appointed a third. They were Hostry, of Edmonton, Geo. Rice, Strathcona, and Geo. Manuel, of Edmonton. The race was a five-eighths dash, the starter being Dave Stewart. Zaza's jockey was Ivy Powell, of "Frisko," who has been riding on the Oakland track, and who two years ago won three straight in Winnipeg. Pepper's rider was young Barber, from Strathcona.

Zaza drew the pole and was in the lead from the start. Pepper got pretty close to the bend just past the judge's stand, but swung wide on the track and lost ground. Zaza finished with a good lead, time 1:05 3/4. Stakes, \$100 a side, with gate receipts divided.

WANTS LICENSE AT ST. PAULS

L. N. Despins' application for a license for the Albion hotel at St. Paul's crossing comes before the license commissioners at their meeting tomorrow. Mr. Despins states that there is nothing in the contention that his place is close to the Indian reservation, as he is nine miles and a half from the nearest corner. He has a nice building with sixteen bedrooms, five sitting rooms and everything else and again. His application, he says, is unanimously signed.

TUESDAY, JUNE 26, 1906.

AMERICAN IMMIGRATION

The wave of immigration now moving from the United States into Canada may have far reaching effects, from the point of view of establishing harmonious relations and unifying the two branches of the English speaking race on this continent. The relations of the United States and Canada are at the present very cordial, and will tend to be more so in the future. The two will never unite in forms of government, any more than Ontario and Manitoba will unite to form one legislative unit, but the translation of thousands of Americans to Canada will materially affect Canadian sentiment to such an extent as to link us with our neighbors on every question of international import. These Canadian-American are settling in that portion of Canada which will by force of geographical advantage control the future of the Dominion. At the present time we can hardly calculate its bearing upon our future history, but as Canada becomes a nation of forty millions or so, the cohesive force of this movement will be seen.

This opens up a vast question in the present day politics of the world. We know that today the tendency is for the formation of ultimate world powers. For the first time in history the world has been taken up by the nations and no new field is left for colonization. This is possibly the most startling fact in the world today. The principle of nationality is no longer the potent force it was, and kindred races are amalgamating. The spectacle of fifty or sixty thousand people moving quietly, without friction, from one country to the other, laying the foundation of an immense agricultural prosperity, will in all probability become the preliminary step in a permanent understanding between the world's greatest republic and its greatest monarchy.

The present movement of immigration is merely a continuation of what has been going on in the United States for a hundred years. The people of the United States are restless, like the Saxon everywhere. Their children rise up and roam as their fathers did before them. Their faces have always been to the West, but all the good agricultural land in the humid region is occupied, and population is following the line of least resistance into the North-West provinces. It is this reunion of the two immigrant movements, one from the republic that cut loose from the motherland in 1776, and the other from the mother country itself, on the plains of Western Canada, that is so interesting to the student of history today. It cannot but be for peace.

JINGLES AND JOKES
BY THE PHONEYMEN

WHIPPOORWILL.

The whippoorwill song it is ghastly.
Evasive, ventriloquist, weird;
'Tis heard in the evening time mostly
By timid folks always 'tis feared.
But I love to go forth in the dark
Wander the wood path along,
And hide in the bushes and harken
To the wonderful whippoorwill song.

I believe in reincarnation;
The girl that I love isn't dead,
She's not in that far spirit nation,
She's this whippoorwill singer instead.

When evening has fallen she calls me
To follow the wood paths along
And then in the darkness entralls me
With her wonderful whippoorwill song.

It will be all off with the Czar as
soon as the revolution microbe bites
the Cossacks.

Opportunity knocks at a man's door
more than once, but the trouble is that
too often it wants him to go out and
work.

While William Jennings Bryah may
be the heir of Theodore Roosevelt's
virtues, what the Democratic party
has to consider is whether he will fall
in for his votes.

It is now confidently stated that the
Sunday school picnic will suffer no set-
back in the United States, the canned
sardine not having invited suspicion.

The inventor of the Yale lock is dead.
But it will be a long time before a
great many otherwise affable men for-
give him for making those keyholes so
hard to find in the dark.

And some of the earlier June brides
are already back in town learning how
to cook.

The hammock my esteem doth win,
Uncertainty its greatest charm,
The game is to get out or in,
And never break a leg or arm.

"Our neighborhood is much stirred
up," said the farmer, as he helped him-
self to a pipeful of the village editor's
pulverized cabbage. "What's the trou-
ble?" queried the editor, scenting an
item of news. "Nothin," answered the
granger. "Everybody's plowin', that's
all."

According to a New York dispatch,
"two moderately prominent insurance
officials" are to be indicted. They will
be somewhat more than moderately
prominent then.

It has long been the boast of the
big packing houses that they utilize
every part of the hog but the squeal.
Now they are putting up the squeal
also.

It is to be hoped that there will not
be any shocking features to the elec-
tricians' strike in Toronto.

TOM HOOD IN PACKINGTOWN.
It's graft, graft, graft!
Till the senses fairly reel;
And it's graft, graft, graft;
Till you weak and senseless feel.
And it's oh! to be a robber chief,
On board a pirate craft,
Rather than a business thief,
With his graft, graft, graft.

The Scottish hiring markets show an
unusual proportion of young servants
this season, and in explanation recent-
ly an elderly native remarked that
"onybody with any sense or siller is
in Canada or on the road t' it."

If you lived in Chicago, and
if you had a pet dog, and,
if the dog did not come home one
night, and,
if he did not come home the next
night, and,
if your dog never came home
Would you know what had happened
to your dog?
Yes, you would, but it would be hard
to identify the firm.

The
Manchester House
(ESTABLISHED 1886)DRESSY FOOTWEAR FOR
EXHIBITION WEEK

For exhibition week you will certainly need a new pair of real nice shoes, and we are ready at any time to show you our assortment. We carry a good big range of summer footwear and can promise you that the prices will be right and that you will find everything as advertised.

All Carpets, Linoleums, Oil Cloths made and laid free of charge.

YOU CAN'T HAVE TOO MUCH OF HOUSEHOLD LINENS.

They are always in demand—and mostly when they are selling at regular prices. So, when an opportunity presents itself like this, it is the part of wisdom to take advantage of it. Here are several lots of these staple necessities that have been selling regularly from three to fifteen cents higher than the prices they will be sold at Monday. We shall offer during the "White Sale" several pieces of White Lace Stripe Muslin at from 10c to 12c per yd. 1 piece, each. Cream and White Wool alone, 30 in. wide, 45c. 50 doz. 18 in. x 36 in. White Cotton Terry Towels, Red Border, fringed, 22c pair.

Several pieces White Figured Vesting, elegant material, 22c yd. 30 doz. Twilled Cotton Bleached Sheets, size 72 in. x 90 in., 97c. (Not more than 2 pairs sold to one person).

Several dozens of Hemstitched and Embroidered Tray Cloths, 25c to \$2.00.

Various patterns in Hemstitched and Embroidered 5 o'clock Tea Cloths, 60c to \$3.00.

These are just a few of the lines that upon inspection, WILL PROVE A REVELATION IN ECONOMICAL BUYING.

IN FUTURE OUR STORE NEWS WILL BE KNOWN AS BULLETINS.

BEST BY TEST.

We are original and will issue Daily Bulletins of Current Events at "REVILLONS."

We want by the help of the citizens of Edmonton to make this the best store in the North-West. Prompt service and courteous treatment to all; any complaints or criticisms will be considered a favor. We want to serve you and serve you right.

Progressive plans for the perfection of this business are yet far from complete. Announcement will be made of each forward step in our Bulletin.

Officers Entertain

Inspector General

Enjoyed Dinner at the C. M. R. Camp in the Officers Mess. Inspector General Camp.

The officers of the regiment of the Canadian Mounted Rifles gave a dinner at the camp yesterday evening in honor of Lord Aylmer, Inspector-General of the Canadian Militia, and his party, consisting of Col. Evans, D.S.O., and Major Eaton.

A number of other guests were invited to meet Lord Aylmer. The list comprised His Honor Lieutenant-Governor Bulley, Hon. Mr. Cross, Attorney-General for Alberta, Hon. Mr. Finlay, Minister of Agriculture for Alberta, Hon. Frank Oliver, Minister of the Interior, Dr. MacIntyre, M.P., of Strathcona, Senators Roy and Talbot, Mayor May of Edmonton, Mayor Sheppard of Strathcona, Mayor Langworthy of Port Saskatchewan, Mr. A. T. Culling, president of Edmonton Board of Trade, Mr. T. A. Stevenson, president of the Edmonton Club, Major Irving, Major Tremonger, Capt. MacKenzie, Capt. Worsley, Capt. Strickland, R.N.W.M.P., Mr. Frank Walker, M.L.A., Mr. John Shera, Rev. H. A. Gray, Mr. J. H. Morris, president of Edmonton Exhibition, Col. E. B. Edwards, Edmonton.

The Inspector-General arrived at the camp in an auto car about 7.30 p.m. Immediately he made an inspection of the camp, stopping here and there to exchange a few remarks with the officers and men, especially those who wore South African medals.

At 8 p.m. officers' mess was sound and after the invited guests were presented to Lord Aylmer the party sat down to a sumptuous dinner, at the conclusion of which Lieut.-Col. A. C. Macdonnell proposed the health of the King, which was drunk with three hearty cheers and the playing of God Save the King, by the Strathcona band. Next Col. Macdonnell proposed the health of the chief guest, Lord Aylmer, referring to his generosity in helping his fellow soldiers at all times in listening to a "sing-song" given by "B" squadron, and expressed his delight with the exhibitions given by the soldiers.

After dinner the party spent some time listening to a "sing-song" given by "B" squadron, and expressed his delight with the exhibitions given by the soldiers.

A CANINE'S LONG TRAMP.

The Progress, a new paper at Bladworth, Sask., relates a remarkable feat of an Ontario dog as follows:

We have often heard of the remarkable sagacity and intelligence shown by dogs of various breeds, but we do not remember of ever hearing of a dog which has ever accomplished such a wonderful feat as a collie dog owned by Wm. Davey, who recently arrived here with a car of settlers' effects, from Meaford, Ont. When the car of effects was rolling along over the C. P. R. some six hours' run from Winnipeg the dog jumped out of the car, rolled over a few times faster than the wheels of the car were running, shook the dust from his shaggy back and started down the track towards the home from which he had so recently been taken and which he loved so well. Nothing was heard of the venture some canine until last week, when Mr. Davey received a letter from Meaford stating that the dog had arrived home in an exhausted condition. The letter did not state the day of the month, on which the dog got back, but Mr. Davey has written to find out from Winnipeg to Meaford the distance is 1,170 miles and when it is taken into consideration that the dog, in order to reach home, had to travel over a line of railway, which crosses several rivers and innumerable creeks, runs through tunnels, over a bleak and through a mountainous country, the feat seems so remarkable that it taxes one's credulity to believe in its authenticity.

ANOTHER ELEVATOR FOR WETASKIWIN.

The Wetaskiwin Times says: At a meeting of the shareholders of the Farmers' Trading Association on Saturday afternoon last, it was unanimously decided to go ahead with the proposed elevator and feed mill. Over thirty of the most prosperous farmers in the district were present at the meeting and the taking shares in the company. The elevator will be as large as any in Wetaskiwin at present, but the exact size has not been decided, the matter being left in the hands of the board of directors. It was decided to have five members constitute the board of directors, and the following were then elected: Messrs. Chas. H. Olin, F. G. Kiyf, Alex. Cummings, W. J. Ryan and J. J. Boreth. It was also unanimously agreed that the notes which were issued for shares payable on June 1st should be extended to August 1st without interest. Now that this scheme has got fairly started the farmers are determined to hurry the building to completion, and another meeting will be held on Saturday next to make further arrangements.

DETECTIVE MURRAY'S NARROWEST ESCAPE

Probably no incident in the career of the late Inspector Murray revealed his daring handling of criminals, so well as that of his bringing back to Toronto, for murder, Frank Meagher.

Joe Dain, living on the corner of Bloor and Young streets, was robbed one night. He chased his man for several blocks, when the fleeing burglar shot him and escaped, although his accomplice was arrested and received a life sentence.

Detective Murray took up the case, and after considerable work found that his man, Frank Meagher, Dain's murderer, was in jail in Indianapolis.

Meagher was a fine looking man and well educated, and had lots of friends. He was awaiting trial for burglary. Detective Murray had a list of his papers ready to bring Meagher back to Canada on June 19, 1917.

"It was long after midnight when I had them signed," he said, in telling the story. "I went direct to the jail with Detective Leo Muncie. A train left at 4:35 in the morning, and I decided to get Meagher on that train, having notified the sheriff to that effect some hours before. We arrived at the jail at three o'clock. I told the sheriff I was after Meagher, and he told me that Frank was up on the third floor, armed, and threatened to kill anyone who came near him. I saw that the sheriff would not get Meagher and that the burglar was playing for time and the purpose of it probably was an attempt to rescue him. I decided that I must take him on the 4:35 at all hazards.

"Open that gate," I said to the sheriff. "I want to speak to him."

"Don't do it," said the sheriff. "He'll kill you."

"John, I wouldn't do it," said Muncie.

"I warn you not to go," said the sheriff.

I had him open the gate. I stepped in and walked upstairs. When I reached the landing of the stairs where Meagher was at the top, he said, "Stop, Murray. Don't you come near me." I stopped. I saw the cue and the revolver and he had the gun pointed straight at me. I could see the gleam of the muzzle.

"I am not coming up, Frank," I said, as I stood on the stairs. "I want to talk to you so that everybody won't hear."

"He had risen, and wasted his time at the top of the stairs, I saw, below him. All was quiet."

"Come down or I'll shoot," shrilly cried the sheriff below.

"I heard Muncie sternly tell the sheriff to shut up."

"Shoot and be—," yelled Meagher to the sheriff. "I'd rather be shot than be going in Canada."

"Shut up, sheriff," I said, with my eye still on Meagher, who, while he was talking to the sheriff, had not moved his glance for an instant from me.

"Frank, come! If you won't go, I know that. The man is over a year. You know you've got to come. You could try to kill me, but you would go just the same."

"While I was speaking I mounted the stairs step by step until I stood within ten feet of him. He stood above me with the revolver pointed full at me."

"Stop," he said. "Stand where you are! Not a step nearer!"

"I stopped and looked him full in the eye, face to face, and I have a feeling to this day that I was never nearer to my death in my entire life. He looked me over slowly from head to foot and back again. His eye was cold and hard, yet as he glanced at me I saw that something of curiosity was mingled with his murderous, merciless, fire-pointed gaze. He eyed me thus for several minutes. Neither of us spoke. My hands were empty, my revolver was in my pocket."

"Murray," he said suddenly, but without shifting his eyes. "I have no fit clothes. I am not going like a pauper to Canada. I am a gentleman."

"The sheriff has a suit of clothes for you, Frank," I said. "It's a pretty good suit; but if it is not good enough, I will wait until you can get one."

"His eye lighted with satisfaction, and I saw more than that he was playing for delay, and I was doubly deter-

mined to take him on the 4:35 train. He began to curse Muncie, possibly hoping a row would break out then and there.

"I don't blame you, Murray," he said. "But don't you come near me."

"I thought it all over. He could kill me as easy as you, so I turned my back half to him, and sat down on the stairs. If he had glanced away I could have slipped out my gun. He watched me like a hawk. I yawned and turned my back full to him."

"I do not want to get hurt any more than you do, Frank, but I'm not afraid any more than you are," I remarked.

"There was a long silence. I wondered once if he would reach down and smash me with the club, and I thought I heard a cat-like tread on the steps. I kept my eyes front, however, at all times. I have done easier things in my life."

"Finally he spoke, softly, and in almost a whisper."

"Murray," he said, "you're a game man. Get me a suit of clothes and I'll go with you, but not with Muncie."

"He handed me the cue."

"Give me the gun, Frank," said I.

"He handed me the gun. We walked down the stairs into the office, side by side. We took the 4:35 train back to Canada and to punishment."

G. T. P. ORDERS RAILS.

Montreal, June 23.—Besides the contract awarded the Dominion Steel Company by the Transcontinental Company, the Grand Trunk Pacific has just given the same company an order for 150,000 tons of steel rails.

It appears that the price paid is \$23 per ton. The Dominion Steel Co. has also received an order for 20,000 tons from the Montreal Street Railway, so with the order from Ottawa the Sydney concern has 200,000 tons.

SAN FRANCISCO'S "HUSH" POLICY.

A correspondent of the Vancouver World, writing from San Francisco, says:

The hush policy adopted by the authorities in San Francisco is illustrated by the fact that while the death roll was placed at 300 or 400, the official records in the coroner's department show that 10,000 are known to have perished, while several thousands have doubtless died unknown.

Each day the death toll grows larger, as the ruins are cleared away, and each day San Francisco winks the other eye as it reads that four or five or six lives, as the case may be, must be added to the total.

In one hole alone 150 were crushed to death, in another 175 and so on. The bodies were wrapped in sheets and piled upon each other in long trenches. In many cases unidentified and unrecorded. "Keep it dark," is the watchword.

A TWENTIETH GREATER THAN THE WHOLE.

When the Hudson's Bay Company surrendered its western empire to Canada, for \$600,000, or putting it in round dollars, for \$1,500,000, it was the monetary consideration that chiefly remained in the minds of those who considered the terms of the bargain. The provision which looms largest now, however, is that by which the company retained the ownership of one-twentieth of all the lands opened up for settlement. Those who thought that the company virtually became extinct when it ceded its interminable leagues of wilderness have come to acknowledge the mathematical paradox that a twentieth is greater than the whole.

For the year ended March 31, 1904, the company sold a number of town lots for \$255,770, and farm lands for \$1,199,960—receiving, therefore, for an infinitesimal fraction of its twentieth reserve almost as much as for the whole territory which it conveyed to the Canadian Government. The sales for the corresponding period of 1905 were not so great, but they nevertheless realized \$122,712 for town lots and \$705,639 for farm lands. As a consequence of these handsome returns and the prospect of steadily appreciating values for its land holdings the company's real es-

tate interests are regarded as of more moment than its shopkeeping, fur-buying and general trading interests. The 210 shares are held at \$5, and still higher quotations are looked for. The bargain made in 1869, when the company was by no means ostentatiously prosperous, may be regarded as a good one by both parties to it.

BILL NYE'S ADVERTISEMENT.

Bill Nye, the humorist, once had a cow to sell, and advertised her as follows:

"Owing to my ill health I will sell at my residence, in township 19, range 18, according to the government survey, one plush raspberry cow, aged 8 years. She is of undoubted courage, and gives milk frequently. To a man who does not fear death in any form she would be a great boon."

"She is very much attached to her present home with a stay chain, but she will be sold to anyone who will treat her right. She is one-fourth short-horn and three-fourths hyena. I will also throw in a double barrel shotgun, which goes with her. In June she usually goes away for a week and returns with a tall, red calf with wobbly legs. Her name is Rose. I would rather sell her to a non-resident."

GRAND REVIEW OF C. M. R.

Lt. Aymer, inspector-general of the Canadian militia, will arrive in the city this afternoon from Calgary, for the purpose of inspecting and reviewing the regiment of Canadian Mounted Rifles in camp at present on the Hudson's Bay flats. Those who accompany Lt. Aymer, are Col. Evans, D.S.O., A.D.C., of Winnipeg, and Major Eaton. The inspection of the regiment will take place this afternoon at five, and the grand review will be held tomorrow morning, commencing at 9 o'clock. All those who wish to witness the review are requested to remain as far as possible north of the C. N. R. track, and are not to enter the camp. Lt. Aymer and his staff will be entertained this evening by the officers of the regiment at the officers' mess.

HILL'S IDEA OF OUR PROGRESS.

The latest Hill interview appears in the St. Paul Pioneer Press. Part reads thus:

"Your lips will be north and south in Alberta, as well as east and west?"

"Yes."

"With plenty of feeders?"

"Yes. Feeders are just like the streams that go to make up the rivers. When we build we do so in conformity to the wishes of the people. Every corporation is a creature of the law and must depend on the law for its growth and production, and the people's wishes are expressed in their laws."

"Do you look for large developments in Alberta?"

"They are having a large development around Edmonton, and also from the boundary to the Red River—Lethbridge, Calgary, up to the Brazeau."

MILLIONS SPENT IN FORT WILLIAM.

Fort William, June 18.—That Fort William is having a busy season may be seen from the fact that four million four hundred and twenty-five thousand dollars is being expended here this summer. The expenditure is made up of three hundred thousand dollars in town waterworks and extensions of sewers, business block and dwelling houses, five hundred thousand dollars; the Canadian Iron and Foundry Company, two hundred thousand; Ogilvie elevator three hundred thousand; Western Elevator, two hundred and fifty thousand; Grand Trunk Elevator, one million dollars. The Grand Trunk Pacific Railway is spending one million and a quarter and the C. P. R. will spend on docks and freight about one hundred and twenty-five thousand, while the government is dredging the harbor at a cost of five hundred thousand dollars.

Fading of the Tory Opposition

Most Conservatives of Prominence
Either Dead or Retired

It is truly pitiful to observe to what extent a party may be driven which has no policy of its own, save the Ottawa Free Press, which adds: At present it seems to be the chief duty of the Tory press to take up the role of professional mourner over the departed whether by cause of death or otherwise; of able Liberals from the Laurier administration. In sentences ringing with sadness, the public are informed that nearly all the great men whom Sir Wilfrid Laurier called into his cabinet in 1896 are no longer here. Then follows the list: Sir Oliver Mowat, Sir Louis Davies, Sir Henri Joly, Sir Wm. Mulock, Messrs. Tarte, Blair, Fitzpatrick, Stinson, Mills, Gordon, Preston, Sutherland, Dobell, Carroll and Bernier. How great were the virtues of and ability of these men! What does it matter if the same Tory press did once assail these same men with unscrupulous bitterness when they held cabinet rank? They were truly great men—yes, the very salt of the earth. But they are gone. All is so terribly sad that it would seem an impossibility to restrain the tears that fain would flow at the remembrance of such a calamity.

There has been a change in another party since the debate of 1896. Many 1906 conservative leaders who sat in the liberal parliament of today are no longer in the Tory ranks at the capital. By applying the same rule to the Conservative party as the Tory press has applied to the Liberal administration the result is a startling one showing that the following Conservatives of prominence are either deceased or out of the political fight:

Sir Charles Tupper,
Sir Adolphe Caron,
Sir Hilbert Tupper,
Hon. N. Clark Wallace,
Hon. W. B. Ives,
Hon. W. H. Montague,
Hon. J. P. Wood,
Hon. E. G. Prior,
Hon. Peter White,
Nicholas Flood Davin,
Dalton McCarthy,
E. F. Clarke.

Deprived of these twelve strong men, who were in parliament after the change in government, is it any wonder the opposition has become so insignificant as it has? Nor is there any promise of equally strong successors arising to strengthen the opposition. The losses in the Tory ranks are proportionately far larger than those suffered by the Liberals by deaths, resignations and appointments.

PHENOMENAL CROP PROSPECTS

Winnipeg, Man., June 25.—Never before in the history of the Canadian Northwest were conditions and prospects better for a record crop. Warm rains follow hot days as though they had been specially ordered for the farmers. In many districts the wheat is now thirty inches tall and in a few days much of it will be heading out. Conservative estimates place the yield for 1906 at 130,000,000 bushels from some 5,000,000 acres. Oats, barley, rye and hay crops will also be very heavy this year and all previous records will most assuredly be beaten.

PROGRESS IN SASKATCHEWAN.

Regina, Sask., June 26.—It is expected that the census now being taken will show the population of Saskatchewan to be greater than Manitoba. Never before has any portion of the Dominion made such progress as this province has during the past two years. The wheat crop of 1906 is expected to amount to between forty and fifty million bushels, and the prairie being broken this summer will double the acreage for next year. Towns are springing up all over as if by magic and in several instances have attained a population of several thousand during the first year of their existence.

SAYS BISHOP BLOCKED MILITIA.

Says the Macleod Advance in describing the camp there: "It was expected that a squadron would arrive from Carleton, but word has been received to the effect that the bishop of that colony has refused to allow the men to take part. This comes like a bolt from the blue to most people. The people of Carleton had been loud in their protestations of loyalty and patriotism to the British government and we fondly imagined that the new comers would prove a tower of strength to their adopted country in the event of an emergency, but our hopes have been rudely shattered by the refusal of the people of Carleton to take part in the military training young Canadians are now receiving."

LAST WEEK FOR ENTRIES.

The directors of the Provincial Exhibition wish to call the attention of all intending exhibitors to the fact that this week is the last in which entries will be received for the exhibition. In order to avoid a rush at the last day exhibitors are requested to make entry as soon as possible. Entries close June 30th.

C. P. R. to Fix New Port on the Pacific

Big Liners to Call at Quatsino Sound on West Coast of Vancouver Island

Victoria, B. C., June 25.—That Vancouver will cease to be the end of the run for C.P.R. oriental liners and that the city on Burrard inlet will in a short time be reached by passengers from these liners only by a railway line crossing Vancouver island from some point on this west coast and connecting with the mainland by a gulf ferry capable of carrying laden passenger trains and freight cars, is reported on good authority to be the intention of those who have the making of the C.P.R.'s policy. There is strong reason to believe that such a move is contemplated by the C. P. R. For some time past the railway company has been quietly adding to its Vancouver island holdings, especially in the vicinity of Esquimalt.

It is pointed out by railway men that this is the only way in which the C.P.R. can meet the schedule which will necessarily go into effect on the Pacific when the G.T.P. is completed and commences running fast liners from its terminus on Kalen Island to Oriental points. Kalen Island is 300 miles further north than Vancouver and over 100 miles farther west. As all nautical men are aware, the farther north the route the shorter the distance around the globe. The G.T.P. therefore has a large advantage in distance over the C.P.R. route from Yokohama to Vancouver, besides which the C.P.R. is at a disadvantage in foggy weather of having to creep in slowly through the straits of Juan de Fuca and the Gulf of Georgia, a handicap which alone would beat the C.P.R., and which the G.T.P. would not be under as Tuck's line opens right out onto the Pacific.

In this connection it is worthy of note that the C.P.R.—when it acquired the Esquimalt & Nanaimo Railway from Vancouver Island from James Dunsinuir a little over a year ago, got with it a charter which enables them to build to Quatsino sound on the north west coast of Vancouver island, a point which the C.P.R. steamers pass within a few miles of, and the first place where land is sighted on the Oriental run. The supposition is that the Canadian Pacific intends to make Quatsino sound a western Queens-town, landing passengers mail and baggage there to be handled by a railway line to be built to Nanaimo with a ferry to Vancouver, the steamers afterward proceeding to Vancouver to unload the freight.

In substantiation of this hypothesis is the well known fact that the C. P. R. has had engineers working for several months at Quatsino and along the route to Nanaimo, evidently gathering the necessary data for the construction of the road, terminals and docks.

FIREMEN'S CONVENTION

Brandon, Man., June 25.—A convention of the representatives of all the fire departments between the Great Lakes and the Rocky Mountains has been called to meet in the city of Brandon on Tuesday, July 31, 1906.

From present indications a large number will be in attendance and the question of improvements in the fire protection of our western country will receive an impetus which the importance of this subject deserves.

It is expected that this convention will attract a generous display of fire fighting apparatus at the fair, which takes place during the same week.

MANITOBA S. S. CONVENTION.

Brandon, Man., June 26.—The twenty-seventh annual convention of the Manitoba Sunday School Association opened here at two o'clock this afternoon with President N. E. Broughton, of Arden, in the chair. Delegates are in attendance from nearly every district which extends from Fort Francis, Ont., to Estevan, Sask., and includes all the intervening territory between the international boundary and the northern boundary of Manitoba. The proceedings opened with an address of welcome by the president and was followed by the reading of the reports of the various officers. Tomorrow Mrs. Foster Bryner, Peoria, Ill., a member of the international staff, will deliver an interesting address on the work of the various departments and how best to conduct it. The convention closes on Thursday.

FIRST AIRSHIP IN WINNIPEG.

Winnipeg, June 26.—W. C. Westeryard, proprietor of the National Hotel, has ordered an airship from the Paris and New York Aerial Navigation Co., Mr. Westeryard agreed to purchase the machine with no more fuss than if he were ordering a sample of some new brand of cigars. Upon its arrival here in a few weeks time he intends to take little trips around the country. It is understood that the airship is being made in Paris and from there will be shipped to New York, where it will be put together and then started on its way to Winnipeg, arriving here in September.

Talks on Orange Meat

(THE PURE FOOD)

Absolute Cleanliness Free.

It costs us twice as much to have Orange Meat absolutely clean—and does not cost YOU a penny extra. We need not delicacy—the brain and body building food it is—if we were not so insistent on cleanliness.

After the wheat comes into our grain elevators from the steamers, it goes into huge vats, filled with pure water. Here the wheat is thoroughly "scrubbed" until every tiny grain is "clean as a new pin."

Then, it's washed once more with fresh water "just to make sure." These extra washings—extra machinery—all mean extra expense to us. But they certainly help to make ORANGE MEAT extra good.

Here's what one Mother in Sterling says about it—

"After seeing advertisements of Orange Meat and its healthful qualities, we decided to try it. During the last six months, it has been continually in our house and we have used between 70 and 100 packages. My husband and children prefer Orange Meat to all foods we have tried."

Orange Meat weighs 3½ more than any other package. At all grocers—15c. and 25c. 15c. package contains a coupon, good for new premiums. 25c. size holds 2½ times the quantity of 15c. size. Write "Orange Meat, Kingston," for new premium catalogue.

A SIGN OF FAITH.

WE believe in "The Slater Shoe!" Otherwise the sign pictured here would never swing from our store.

Our faith in Slater Shoes is based upon full knowledge and personal wear of them.

We had to sign a rigid contract in order to secure the exclusive control for this town.

Naturally we "went slow," and investigated thoroughly before we signed it.

We bought several pairs of Slater Shoes and wore them personally.

We knew a score of people who had worn Slater Shoes regularly, and we consulted them confidentially, on the fit and service given.

Then we visited the factory to see just how carefully they were made, and what sort of materials were put under the finish.

After we were convinced that no other shoes in Canada, at the price, were so carefully and uniformly well-made, we signed the contract which gave us control.

Then we placed a large order for a full range of Slater Shoe shapes, sizes and widths.

It had to be a large order for we must sell a raft of Slater Shoes in order to make a fair profit out of the line.

Because, the Makers' stamp their own retail price on the lining of every Slater Shoe, and that price doesn't leave any fancy margin for the Retailer.

But, we have seen that the actual difference in profit has been put into the shoes, and that what we lose in profit the Wearer gets in extra service, style and comfort.

We rely upon that extra value to increase our sales, so that the volume will make up for the small profit per pair.

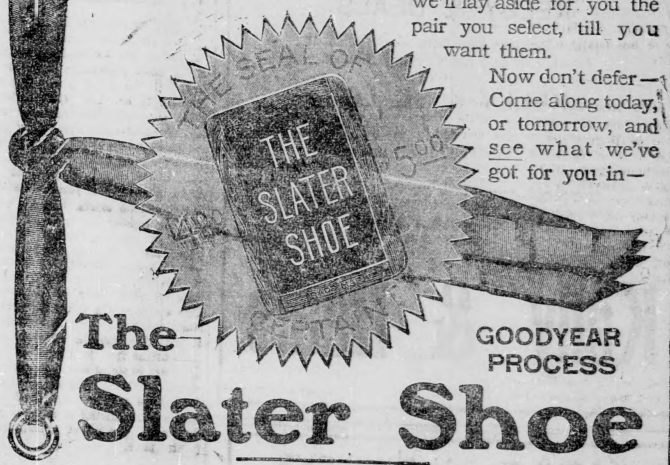

Our new Slater Shoes are now in stock, and we are proud of them.

Come and tell us what you think of the new styles, and of our judgement in making this radical "move" in our business.

Look them over, and try them on, even if you don't want to buy at once.

If you are hard to fit, better choose while the stock is fresh—while sizes and widths are complete, and perhaps we'll lay aside for you the pair you select, till you want them.

Now don't defer—Come along today, or tomorrow, and see what we've got for you in—

The Slater Shoe
GOODYEAR PROCESS

KELLY & MOORE, SOLE AGENTS, EDMONTON.

An Ad. in the Bulletin Brings Good Results.

Hearst Supports Bryan**For the Presidency**

Wants to Relieve the Democratic Party of the Thugs and Grafters who Supported Cleveland

The signs increase for a presidential boom for William J. Bryan for the Democratic candidate in the next contest in the United States. The twice-nominated candidate of the party seems to have lost none of his popularity, and so strong is the feeling in his favor today that there is really no other possibility in the Democratic ranks. William R. Hearst, who as a candidate for mayor New York, almost succeeded in getting into the mayor's chair, in the face of the most violent opposition of the politicians and the trusts, is ready to support the candidacy of Bryan. But the New York newspaper king will not stand for corruption support. In a letter to the Indianapolis Star, Hearst says:

"I have been for many years a sincere friend and earnest supporter of Mr. Bryan. I rejoice in his achievements and success and I approve of every honest endorsement of him. Personally I would never welcome into the company of loyal friends of Bryan and sincere advocates of good government any such men as Tom Taggart, gambling-house keeper, of Nevada; lord protector of crooks and rascals; nor would I ever welcome into my company any such men as Pat McCarran, electioneer; or George McClellan, electioneer; nor such Captain Kidds of industry as Belmont and Morgan, and Dave Francis, all of whom, with their necessities, were last mustered under the stained and dragged banners of Cleveland and the corporations. I am confident that Mr. Bryan will repudiate utterly these men and their professions of friendship, realizing that they are not honestly in favor of any or any cause that will protect the interests of the plain people of this country."

PLEASANTRIES OF THE STRIKE

Washington, Pa., June 24. — Three murders were reported to the county authorities yesterday and as yet no arrests have been made. Early yesterday the body of Michael Prebicka, a coal miner, was found in a tunnel of the Wabash road in Independence township. His skull had been crushed and both legs broken. He had been shot through the head and the body placed on the track. Later the body of Joseph Simpson, another coal miner, was found beneath a railroad car at Burgettstown. He had wounds on his head and chest, apparently inflicted by a pick. His pockets had been rifled. The body of an unknown man, which is still unidentified, was found in the road near the Baltimore and Ohio tracks at G. Gilson.

NOT ETHUSIASTIC SABBATARIANS

London, June 25.—Next Sunday has been fixed upon as "Observance day." Special efforts are being made to induce Ministers in every pulpit in Great Britain to make an earnest appeal for a proper observance of the day. In answer to 14,000 circulars sent out, asking co-operation of all clergymen, more than 10,000 responses were made and a fair percentage of these were unfavorable. In addition, 5,000 reply paid post cards were sent to clergy and only a small proportion has been returned.

WRECK ON LAKE SHORE

Adrian, Mich., June 25.—The last west-bound train on the Lake Shore system, running thirty miles an hour, ran through an open switch and crashed into the Dundee ranch line train standing on the siding. The engine was reduced to junk. Several passengers were more or less fatally injured, but none fatally.

FOURTY MEN ESCAPE DEATH

Helena, June 25.—Forty men had a narrow escape from death when the powder house of the Harris line quarry, ten miles from here, was exploded by some unknown person early this morning. Men were sleeping in a brick house near the powder house, and logs were blown over the roof. Against the door of the brick house was a bag containing sticks of dynamite, to which a fuse had been attached. This is the second mysterious explosion within a few weeks.

VICTORIA SCHOOL TEACHERS IN CONVENTION

Victoria, B. C., June 26.—The ninth annual meeting of the British Columbia Teachers Institute opened in the High School building here at ten o'clock this morning with over 600 teachers of both sexes in attendance. Several important matters will come up for discussion, and officers for the ensuing year will be elected at the close of the convention on Thursday.

WINNIPEG GRAIN PRICES

STRATHCONA**NEWS ITEMS**

The Bulletin's Daily Budget From the Sister Town

Strathcona, June 25.—Mr. H. C. Purdy, late of Eastern Canada, who came up here last year and made some good investments in real estate, is building a commodious and modern residence on Macdonald avenue, west, adjacent to Mr. W. E. Rankin's residence. We understand Mr. Purdy, who was in the furniture business in the east, will now be a permanent citizen of Strathcona.

Mr. J. Ross, public school inspector for Northern Alberta, was in town over Sunday. Mr. Ross will preside at the departmental examinations at the Capital, which commence on July 3rd, 1906.

Mr. F. Birch, late of England, has joined the cuisine staff of the Alberta hotel.

The C. and E. train from the south, due here at 3:30 p.m., was late today and brought up another consignment of Galicians.

Messrs. Mackerrald & Co., from Scotland, who are interested in the cheese manufacturing business, are touring the Province with a view to establish a cheese factory at an early date.

Mr. George Whyte, brother of Mr. Basil Whyte of the Eagle Land Co., came to town on Wednesday from London, England, making the trip in two weeks, leaving England on the 6th June and arriving in Strathcona on Wednesday, June 20. Mr. Whyte purposes at an early date to take up a homestead about 40 miles south of Vegreville, and become an Alberta farmer and rancher.

Mr. P. Berube has already erected a large building adjacent to the Windsor hotel. A Toronto man will conduct a restaurant in part of the building.

Several breaks have recently occurred in the town water works system. The wooden water pipes have not been a success here so far.

Mr. George Lord, who, with his wife, came up to town from Wisconsin some time ago, has, for the present accepted a position from the C. P. R. on an iron bridge building gang operating near Daysland. Mr. Lord purposes as soon as his American friends come to Alberta to join them and take up land in the West.

Mr. John Scanlan, representative of Edmonton Brewing Company, went south on the 4 p.m. train on another business tour in the interests of his firm.

The Tent and Mattress Company, Whyte avenue, are unable to keep up with the many orders for tents, which are continually coming in. One firm in Edmonton alone placing an order for 45 tents, recently.

Mr. Connelly, sr., his son, Magistrate Connelly, and Messrs. Clarke and Mitchell, left on the 4 p.m. Calgary train via C. P. R., to Fort William, thence by water to the Soo en route for Campbellford, Ont. They will be away about a month.

Mr. F. T. Pengeby, a business man of Victoria, B.C., came into town last Tuesday. He speaks highly of Alberta and has shown his faith in our Province by purchasing real estate from ex-Mayor Davies.

Mr. Donald McLean, of Bruce County, Ont., came into town a few days ago and after looking over the real estate situation has invested considerable money therein.

Mr. David Kirkwood, of Brampton, Ont., was in town lately visiting his old friends, Messrs. Crawford and Weeks. This gentleman who has just returned from the Holy Land, has been teaching in a college in Smyrna and has many interesting things to say of those far off places. We understand he is much interested financially in Northern Alberta and was much pleased with the present outlook.

Mr. A. Mellon, a Portage La-Prairie business man, who with his wife, were lately the guests of Mr. J. J. Mellon, of the Royal hotel, has left for home via Banff and the Pacific province. Mr. Mellon is amazed at the steady growth and development of the two sister towns

C.P.R. WAKES UP AND GETS BUSY

A Vancouver despatch says: James J. Hill's intention of completing a railroad from Vancouver to Winnipeg in order to get a share of the trade in the west, particularly as regards the moving of grain, has led the C. P. R. to get a hustle on with its plan, long pigeon-holed, for the establishment of an elevator on this coast.

Owing to the favorable terms offered by the company one Northwest company located at False Creek last fall. Now it is announced that a Calgary miller concern has taken advantage of equally favorable conditions to take up a site on Burrard Inlet, which the C. P. R. specially set aside for an elevator.

It has been the policy of the transcontinental roads to discourage elevator enterprises on the coast because it is more to its advantage to carry wheat eastward where it gets a long haul. However, farseeing officials always have known that this would come when competing lines would come in here with ideas concerning traffic in grain over the mountains to the coast. The railways see the time coming when immense quantities of wheat and flour will be shipped from coast points across the Pacific. The Canadian Pacific is already arranging to add to its fleet of steamers because of increased trans-Pacific trade.

The fast steamer Montague is now on its way here from Hong Kong to act as an auxiliary to the Empress line. When this boat arrives the Canadian Pacific will have six big steamers engaged in the Vancouver-Orient run, and it intends to secure more before Mr. Hill can get really busy moving the products of the Canadian West to the coast.

When the Great Northern plans are fully carried out it will have two lines into the west and in fact will have the richest part of British Columbia and a vastly productive portion of Alberta within what may be called a belt line.

The Vancouver, Victoria and Eastern Railway, with extension as far as contemplated to Fernie and the Crow's Nest region, will form the southern part of the belt line. A road north through Southern Alberta to the Calgary region and so on to Edmonton in

the north will be the south to north line. A branch of the Vancouver, Westminster and Yukon Railway running west from Edmonton through the Rockies and Northern British Columbia and then turning southwest through Cariboo, Lillooet and Pemberton meadows to this city will complete Hill's scheme of putting the province within a steel belt.

IMPROVING BUSINESS PREMISES

John I. Mills has just completed some improvements to his store which makes it a very handsome place of business. A fifty foot addition has been added, making the store 50x100 feet, and a handsome oak twenty-section hall bearing well wardrobe for exhibiting Twentieth Century Clothing has been established. The whole store has been repainted, and re-papered and looks immensely improved in appearance.

CANADIAN NORTHERN RAILWAY

Pursuant of Section 175 of the Railway Act, 1903 notice is hereby given that a plan, profile and book of reference of proposed spur tracks of the Canadian Northern Railway for industrial purposes at Edmonton, Alberta, have been filed in the office of the Registrar of Deeds for the Northern Alberta Land Registration District, at Edmonton, Alberta.

\$

THE GREATEST OPPORTUNITY

\$

The investing public of Edmonton have had placed before them for a considerable time is that of purchasing a block of one of the finest west-end properties ever placed on the market at extremely reasonable prices and on very easy terms.

Frontage on Jasper Ave.

NORTH JASPER PLACE

Frontage on Jasper Ave.

Is certainly one of the choicest suburban properties lying to the West of the City. Stands beautifully high, commanding an open view of the city and has the advantage of frontage on the recognised, business section, namely, Jasper Avenue. At no distant date this property will be in great demand as a Choice West End Residential Location and with a street car service will prove one of the greatest investments offered this season.

Get in on the Ground Floor

STOP AND CONSIDER

Get in on the Ground Floor

North Jasper place has been very carefully subdivided by the Dominion Land Surveyors into Blocks, each containing twenty full sized lots of 150 feet x 50 feet. The streets are 66 feet wide and the lanes 16 feet. With the property sub-divided in this manner there will be no trouble in the future about allowances for streets, etc. The same cannot be said of many of the sub-divisions. Our advice is to buy a block, half block or quarter Block of this property, and buy it NOW, as there is nothing like getting in on the ground floor.

EASY TERMS

REASONABLE PRICES

EASY TERMS

With the view to giving the small investor an equal opportunity to that generally offered to the man with greater means, we have decided to offer a limited number of quarter and half blocks at the wholesale price. This will be readily appreciated by all who have only a small amount available for investment. We have quoted the very lowest possible figures on this property and from present indications the whole sub-division will be sold within the next thirty days. Prices must be advanced next week.

THE SPORTING WORLD

Edmonton Here For Three Games

Will Play in Calgary on Wednesday and Thursday Next

Calgary Albertan. Edmonton here next Wednesday and Thursday for three games. That is the latest announcement in baseball.

But baseball enthusiasts and many who just became enthusiasts on Wednesday are talking over the two games that were played with Wetaskiwin on that day, particularly the last game.

Never before was enthusiasm in baseball so keen as at the present time. Next Wednesday and Thursday there will be some more.

Donovan is the latest addition to the baseball aggregation. He comes from Vancouver and is a finished player. He has been playing third, but is at home at any infield position. He will probably be used at short until Wesburg is in shape and then at first until Manafy rounds to. It is expected that Wesburg will be out of the hospital on Tuesday and will be fit for the team when they go north on July 2. Mahaffy will be around a little later.

The Calgary team broke a little better than even financially on the series, but from this on they expect that the gates will amount to something. They are much disappointed that the exhibition company has given no encouragement to baseball, as the Edmonton exhibition has done. They have just about completed arrangements, however, for a baseball tournament to be held in Calgary during exhibition week. They will fence in a good baseball diamond in Rouleauville, and will play two games a day, morning and evening. They have been offered a banner for competition by the Spaulding people. It is about arranged that Wetaskiwin, Red Deer, Edmonton, and probably a couple of southern teams will enter the tournament. With two games a day for three days on fair week there should be no lack of baseball.

The trip north on the first week of July will be a busy one. The team is figuring upon playing Red Deer on Monday, June 2, Wetaskiwin in Edmonton on Tuesday, Edmonton in Edmonton on Wednesday, the winning team on Thursday, and three games in Wetaskiwin on Thursday and Friday.

RIFLE AND TARGET.

Practice did not come quite up to the average in the way of scoring on Saturday. The powerful sunlight and occasional mirage proved very disconcerting to the marksmen, the targets being very indistinct at the longer ranges. The following were the scores:

S. S. Brown	25	29	26	80
G. A. Reid	28	28	23	79
J. E. Muirgrave	28	27	21	76
W. S. Weeks	31	24	18	73
J. Grove	22	25	24	71
W. Jones	25	25	20	70
J. V. E. Carpenter	24	23	20	67
G. W. Mauey	20	22	23	65
Dr. Ternan	24	17	19	60
H. A. Thompson	20	29	19	59
E. Tompkins	27	27	59	55
A. D. McKenzie	15	19	23	57
T. H. Whitelaw	20	24	10	54
D. J. Dunn	20	22	9	51
McDonald	20	24	7	51
D. Munro	20	15	9	44
R. Knowles	11	11	4	26

THE MIMIC WORLD

New Theatre Opens

The new vaudeville theatre recently erected for O. C. Ross, by K. McLeod on McDougall street next the Prince Arthur Cafe, opened yesterday afternoon with a fair attendance. The building is hardly completed yet, but the performances will now continue every afternoon and evening. The new theatre is first exclusively vaudeville play-house to be opened north of Calgary. It is under the management of O. C. Ross, and when completed, will be a handsome place of entertainment. The interior is artistically designed and the stage scenery is very tastefully arranged. Four performances will be given each day, two matinees and two in the evening. Admission during afternoon is 10c and 15c, evening 15c, and 25c. The performances include comic and sentimental songs, illustrated songs, moving pictures, etc. None but high class vaudeville will be produced.

A Whirlwind of Merriment

A whirlwind of merriment. The opening performance of Pollard's Lilliputians in the Thistle theatre last evening was witnessed by a large number of Edmonton's music-loving public. The clever juvenile artists never

Fast Baseball Performers Heading For Edmonton

Fair Which Will be Feast For Fans.

Edmonton Plays in Calgary Tomorrow. Wetaski-

in 'Seona To-

night

The Edmonton senior baseball team, in charge of Manager Rooke, will leave on the morning train for the south tomorrow, and will play in Calgary tomorrow and Thursday. Tomorrow evening they will play one game, and a double-header on Thursday, afternoon and evening. On Friday, on the return north, the Edmonton team will play in Red Deer, returning to the city on Friday evening. For the trip Manager Rooke has secured a strong bunch of players from which to pick a team. There will likely be the same bunch out in the field, and probably some new faces at the bases. Fred Brennan, catcher, from Melita, Man., is on the way to Edmonton, but will stop off at Calgary and backstop for the games there.

Four days of baseball, the greatest baseball ever played or witnessed between the Peg and the coast, between the best teams in Alberta. This for exhibition week. For the four days of the great provincial fair Manager Rooke will have a star aggregation of willow wielders who will go after the money with a hop, step and jump. All the games during the exhibition will be played on the baseball grounds, Second street, opposite the Brunswick Hotel. On Monday, July 2nd, in the evening, at 7 o'clock, the home team will play Strathcona. On Tuesday, at 10 a.m. Wetaskiwin vs. Calgary, at 7 p.m. Calgary vs. Edmonton. Wednesday morning, Strathcona vs. Red Deer; evening, Wetaskiwin vs. Edmonton. On Thursday the big game of the series—at 7 p.m. the winners play off. Admission to the games, two bits. The Wetaskiwin team is coming up this afternoon to play in Strathcona this evening.

NORTHERN LEAGUE BALL.

Winnipeg 1 Calumet 9, Fargo 7 Houghton 2, Hancock & Lu 1, Grand Forks 2 Lake Linden 1.

WINNIPEG IN SECOND PLACE.

Northern Copper	Won	Lost	Pct
Calumet	19	8	.704
Winnipeg	16	10	.615
Duluth	16	11	.590
Houghton	14	11	.559
Fargo	13	14	.481
Hancock	13	16	.448
Grand Forks	6	15	.286
Lake Linden	7	19	.269

TROUBLE IN THE COPPER LEAGUE.

Houghton, Mich. — A meeting of the Northern-Copper Country League scheduled for to-day was postponed until tomorrow when at a league meeting to be held at that time action will be taken on a proposition to transfer the Hancock team to Superior. Poor crowds and dissensions in the ranks are the reasons assigned for the attempt to transfer the team. The transfer will be made unless something unforeseen occurs.

SOUSONLY DEAD.

Sousonly, Jas. R. Keen's three-year-old, for which he refused \$100,000 last year, is dead. Sousonly was beaten only once in his life, and was considered the greatest running horse on the American turf.
